

# New Palm Test

**Today / Meeting ROOM**

## Attendees

Project Manager and Software Developer

## Agenda

1. Read the whole code of this campaign ID.
2. Copy the whole code into a new file.
3. Rewrite what is require, extract some data out of this which isn't require, transform into arguments and facts.
4. There must be new ideas and changes.

## Notes

- **Run the whole file on a single campaign ID.**
- **ON Monday, come with 10 specific questions and with some new ideas as well.**
- **The new campaign summary should be more generic, clean and uniform**
- **Do not worry about loading speed**

## Action Items

1. Campaign summary
2. Site project
3. Create excel file.

## Next Meeting Agenda

Next meeting on Monday after 2pm and with all the 10 questions so that a new whole file can be made
